Qualifying Places decided via : 2 Players from each Sunday Medal Eclectic Round. If someone has already qualified their place goes to the next player in the finishing order and so on. Final 2 qualifying places are then awarded to the 2 best Eclectic players (if not already qualified) or next best player(s) as above. Total number of possible finalists = 24. With several Sunday Medals not contested due to lockdowns etc, there will be just XX players from the Sunday competition plus 2 from the Eclectic = XX players in the Final
